

ABOUT EMPLOYEE GIVING

The WATC Foundation helps to change the lives of students through emergency loans and scholarships thanks to employee contributions. Our mission is be the College's partner in securing and providing various resources to support and promote education and workforce development throughout the communities we serve.

The Foundation is a 501 (c) organization that operates independently from the College. WATC Advancement staff solicit and receive contributions to the Foundation from faculty and staff of the college to provide students a better life while providing highly-qualified job candidates for the region's employers.

WHY GIVE

Students pursuing higher education face mounting financial challenges. During a typical year, the Foundation and college provide financial support and fund scholarships to more than 150 WATC students per year.

Your gifts give students the opportunity to gain higher education and leadership in workforce training. Every gift makes a world of difference in the life of a WATC student.

HOW WILL MY GIFT MAKE A DIFFERENCE?

"WATC is a microcosm of our community. It is where people come with tangible motivations and hope to be supported in their pursuit of improving their lives. I hope you will join me in giving to the Foundation where our donations help us to improve the lives of those in our community and create a skilled and qualified workforce for the future.

Thank you for believing in WATC and its mission."

THE POWER OF
\$7

Think about this: If every WATC employee gives \$7 per pay period (only \$14 per month) to the Foundation, we could raise nearly \$100,000! That's thousands of dollars to purchase new equipment for labs, give away in scholarships, and grant to students for emergency assistance. Make a gift of \$7 or more per pay period and see the impact you can make.
