4) When you are logged in, your username and password will appear in the upper right where **Guest User** appeared previously.

5) In the upper left, click on **DLS Video Repository** and select the desired Course Name

- 6) If you have access to the repository, you will see a listing of videos. Click on the video you want to add to a course in your LMS.
- 7) A new page opens with just that video. Click on the **Share** button underneath the video.
- 8) Underneath the Share button, Link to Media Page and Embed appear. Click on Embed.
